

TENDER DOCUMENT
IMPLEMENTATION OF A SECURITY ERP SYSTEM

Tender Reference No.: CAL/03/2026

Issued by: Centurion Africa Limited (CAL)

Issue Date: 27 March 2026

Submission Deadline: 27 April 2026, 2:00 PM

1. Invitation to Tender

Centurion Africa Limited invites qualified and experienced IT service providers to submit proposals for the implementation of a Security Enterprise Resource Planning (ERP) System.

The objective of this tender is to procure and implement an integrated ERP platform that will centralize and automate operational and administrative processes within the company.

Interested and eligible bidders are invited to submit technical and financial proposals in accordance with the requirements stated in this tender document.

2. Background

Centurion Africa Limited is a security services company operating in Rwanda. As the company expands its operations, there is a need to implement a centralized digital platform to manage operational, human resource, financial, procurement, and logistics processes.

The proposed Security ERP System will enhance efficiency, improve data management, strengthen reporting capabilities, and ensure compliance with regulatory requirements in Rwanda.

3. Objective of the Assignment

The objective of this project is to implement a fully integrated Security ERP System that will:

- Centralize operational data
- Improve workforce and guard management
- Automate financial and procurement processes
- Improve logistics and asset tracking
- Provide real-time reporting and analytics

4. Scope of Work

The selected vendor will be responsible for supplying, customizing, implementing, and supporting the ERP system.

The ERP system should include the following modules:

4.1 Operations Module

- Guard scheduling
- Site management
- GPS attendance
- Patrol monitoring
- Incident reporting
- Client service tracking

4.2 Human Resources Module

- Guard profiles
- Recruitment management
- Training and certification tracking
- Leave management
- Performance management
- Staff documentation management

4.3 Finance Module

- Client invoicing - Rwanda Revenue Authority (RRA), Electronic Invoicing System (EIS) and Electronic Billing Machine (EBM) compliant
- Revenue tracking
- Payroll management
- Rwanda Social Security Board (RSSB)- ready reporting
- Budgeting
- Financial reporting

4.4 Procurement Module

- Supplier management
- Purchase requests
- Approval workflows
- Procurement tracking

4.5 Logistics Module

- Uniform and equipment allocation
- Asset tracking
- Vehicle management
- Inventory management

4.6 Reporting and Analytics

- Operational dashboards
- Compliance reports
- Performance analytics
- Management reporting

5. Technical Requirements

The proposed ERP system should:

- Be customizable to Centurion Africa operations
- Support mobile access for field operations
- Include offline functionality
- Integrate multiple modules in one system
- Provide secure user access control
- Allow data backup and recovery
- Provide system audit trails
- Support data migration from existing platforms or spreadsheets

Data Ownership & Protection Requirements:

All data entered, migrated, or processed within the ERP system shall remain the sole and exclusive property of Centurion Africa Limited.

The vendor must ensure full compliance with Rwanda's Data Protection and Privacy Law and implement appropriate administrative and technical safeguards to protect personal and company data.

6. Compliance Requirements

The system must comply with regulatory requirements in Rwanda including:

- RSSB reporting compatibility
- RRA EBM/ EIS compliance

7. Suggested ERP Platforms

Vendors may propose one of the following ERP solutions or an equivalent system capable of meeting the above requirements:

- Odoo ERP
- Movetech Solutions ERP with Central ERP Module
- SAP ERP

Bidders must:

- Specify the ERP platform they are proposing
- Provide justification for why it best meets Centurion Africa's operational requirements
- Explain any additional benefits or differentiators

8. Vendor Qualifications

Interested vendors must demonstrate:

- Proven experience implementing ERP systems
- Experience in security or workforce management systems (preferred)
- Availability of technical support in Rwanda or the region
- Qualified technical implementation team

9. Deliverables

The selected vendor will be expected to deliver:

- ERP software installation
- System customization
- Data migration (if required)
- System testing
- User training
- System documentation
- post-implementation technical support

10. Proposal Submission Requirements

Technical Proposal:

- Company profile
- Description of proposed ERP system and platform justification
- Implementation methodology
- Work plan and timeline
- Relevant experience and references

Financial Proposal:

Detailed cost breakdown including:

- Software licensing
- Customization
- Implementation
- Training
- Support and maintenance

11. Evaluation Criteria

Criteria	Weight
Technical compliance with requirements	40%
Experience and qualifications	20%
Implementation methodology	10%
Cost-effectiveness	20%
Support and maintenance services	10%

ERP platform suitability and integration potential *Bonus consideration*

Vendors are encouraged to provide comparisons or references if proposing alternative ERP platforms.

12. Additional Required Sections

12.1 Conflict of Interest Declaration

All bidders must submit a signed declaration confirming that:

- They have no conflict of interest in relation to this tender; or
- Any real or potential conflict of interest is fully disclosed.
Failure to declare conflicts may result in disqualification.

12.2 Validity of Proposal

All proposals shall remain valid for **90 days** from the submission deadline.

Bidders must ensure that pricing and conditions remain unchanged during this period.

12.3 Submission Checklist

Bidders must ensure their submission includes the following:

Technical Proposal

Company profile

Detailed ERP system description

Platform justification

Implementation methodology

Work plan and timeline

Team qualifications

Past experience and references

Signed Conflict of Interest Declaration

Financial Proposal

Detailed cost breakdown
Licensing fees
Customization costs
